26-7-2018

Thursday, 26 july

The fifth day of the competition.

Due to the weather forecast for Saturday (rain and thunderstorm) the semi-finals have started today

Draw start sequence has taken place yesterday evening in the tent.

Teammanagers draw the startnumber out of the “magic box”from Wolfgang Matt

Preparing the judge is important,

after many day P-19 judging they have to switch to shedule F-19

judges are briefed yesterday evening on the school location Grandrieu

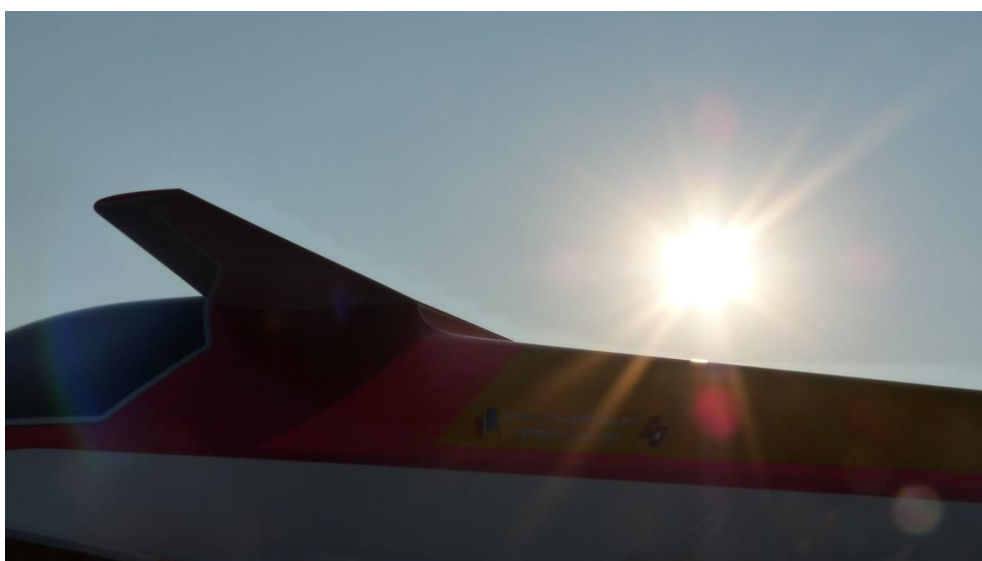

Early in the morning, the organisation team is preparing the scene

Scoring systems are prepared for this day

Judges have taken their seat and briefed by Peter Uhlig the President of the FAI Jury

It's again a very nice sunny day. The sun is right in the corner of the box

Some Precautionary measures must be taken against the sun

For the pilot, so he is not blinded by the sun when flying close or through

Judges have taken there own precautionary measures

Public have some other devices

and of course for the planes as well

You never know,

High temperature can be very
disastrous for planes

Calibration and practice

First flight of the day done by the Korean pilot Byung Joon Park

First and second calibration flight

Omer Ben Ami, Team Israel

Garry Peacock, Team United Kingdom

No cat's in the bag

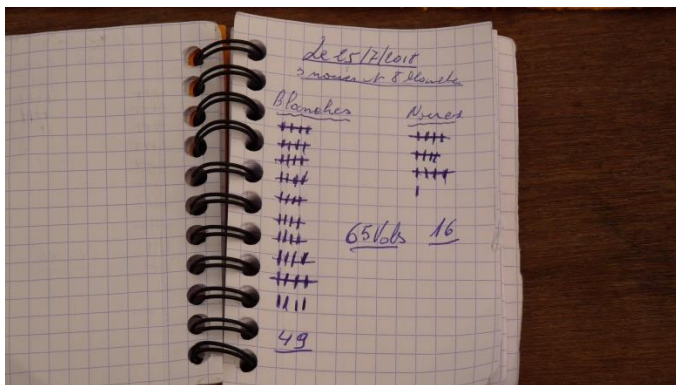

Weight control

It must be black or white

There are no cat's in the bag of
André Vincent

Registration: numbers of white and black

In case there are some discussions or problems.

“Special tools are ready for use”

Roger Lebrun and Michel van Vyncht in action during the weighting procedure

Behind the scene

Richard Werion, one of the important links
between you and your beer

Work must go on

During those hot days,
be sure that your waterlevel is correct
